THE PILLARS OF STRENGTH

Our promoters are prominent businessmen of Kerala in the building material business, with interest in India and abroad. Under the leadership of these eminent personalities, Saino Polymers Pvt Ltd is on the way to unprecedented progress in every aspect.

VISION

To set a benchmark in plumbing and sanitaryware industry with innovative products and services.

MISSION

To produce high-quality products for the residential, irrigation, agriculture, and commercial sectors.

To ensure steady growth in the production and manufacturing process.

To implement innovations and state-of-the-art technology in the area of manufacturing.

To ensure minimal power consumption and maximise water conservation.

To delight customers by providing quality products and services.

To have an environment where all stakeholders like Vendors, Employees, channel partners and Management work together for a great future.

ABOUT US

Saino Polymers Pvt Ltd, established in the year 2006 is one of the leading manufacturers of domestic and industrial plumbing products with ISO certification. Based out of Kerala, we excel in the production of leak-free ball valves used in residential, irrigation, agriculture and commercial sectors. Saino ball valves are a time-tested product certified by millions of customers for their exceptional quality and enduring performance.

As part of serving more customers, we keep stretching our area of production with innovations and state-of-the-art technology. Our new range of products includes Foot valves, Hoses, Sanitaryware and Bathroom fittings like Taps, Faucets, Chisterns, Seat covers, Showers etc. Our products are of superior quality, functionality, endurance and aesthetic design that beautify bathrooms. We are a customer-centric company and take pride in serving our customers with best-in-class products.
